Modeling Project Form

Standard:		Exercise Version:	Mark:
-----------	--	-------------------	-------

Write a complete solution (using multiple pages as necessary) for the exercise version assigned to you from <https://mastr.clontz.org> . When complete, scan/upload to the Gradescope app for grading. Revisions are always allowed, so using a pencil on this form is recommended (or you may use white-out, or choose to reattempt from scratch, etc.).
